PATHWAYS

2022 Issue 1

STUDENT LEADER
We, the Student Leaders of APS, pledge to
the way in our actions. We promise, to uphold the values
of our school and to be a true CARER leader. We will carry
out our rules with responsibility and be resilient when
faced with challenges. We will strive for excellence
in everything we do with all our heart.

MANY PATHS. ONE PURPOSE.

Principal's Message

2022 started joyfully when we welcomed a larger than usual cohort of Year 1 and APA 1 students. Covid-19 restrictions were slowly lifted over the months and life began to return to normal. Being able to play as a whole class, going out for learning journeys, gathering in the school hall for morning assemblies and celebrations were simple joys we miss and now cherish. It is heartening to see our APA 1 students eagerly serving in their OJT platforms, especially the 3 newest workplaces at ARK (Hot), ACT at ST Engineering and the most unique ACT at Kallang Polyclinic Food Truck! Our first half of 2022 culminated in a jubilant Graduation Ceremony, where APS staff, students, parents and partners celebrated the successes of our 2021 graduands. We are grateful that the APS family cares for each other as we adapt to the changes in life.

Stephen Chin
Principal

Year 1 iSTAY

" I had my first iSTAY in APS in March 2022. It was fun. We had kayaking and orienteering. I learned to be responsible in carrying out my assigned tasks like hanging clothes on a pole. It was also impressed upon me to converse in English, rather than my mother tongue. I look forward to the second cycle of iSTAY. "

Muhammad Heiqal Bin Abdullah, 1P1

Year 3 iSTAY

" At first I was a bit afraid that iSTAY would be boring but the 10,000 steps walk was fun. We got to take pictures, talk as we walked and bond with our friends and teachers. It was nice to get the chance to go out with our friends and teachers to places such as Gardens by the Bay. "

Yew Shu Ying, 3CS

YEAR 1 ORIENTATION

The Year 1 orientation week was fun. We enjoyed all the games such as archery, marbles and cup stacking. We got to know our new classmates better and we understood one another. The activities during orientation week has taught us about teamwork, honesty and showing of respect to one another - especially when we were under pressure to win the games. We became closer. The most challenging part was the BBQ activity as most of our food was burnt. We had a good laugh!

Darwish Bin Mahdi (1P2) and Yuki Na Xin Yi (1P2)

IT'S MOTIVATIONAL MONDAY (IMM)

WHAT ARE YOU MOST GRATEFUL FOR IN APS?

I am most grateful that lessons are different from the last time and being given a chance to go into this school.
Nur Syaheen Balqis Binte Mohd Nor, 1P1

I am grateful for our SIP lessons. Some schools do not have it and I have a chance to learn something new like my current hospitality SIP.
Calistal Lee You Xin, 2C2

What I am most grateful for being in APS in 2022 is that the teachers are willing to help and give students chances whenever we need it. I am grateful that my teachers are patient enough and still teach us even when we students can be quite troublesome sometimes.
Alya Hasha Binte Mohamad Ashit, 3HS

I am grateful for my friends because they have been with me in my highs and lows. I am grateful for my teachers as they teach me well so that I can improve on my mistakes.
Muhammad Matin Bin Abdul Razak, 4CS

CE Engineering

" Teamwork and never give up. " **Dharshini Sarah**

" Respect and Responsibility. " **Lin Jun Yu**

" During my IEP, I have learnt more about F&B such as keeping the workplace hygienic, doing things in a faster way. Sometimes I struggle when my supervisors or colleagues ask me to do a lot of work, even when I'm doing something else. I overcame these struggles just by listening and fulfilling the instructions given. "

Angelica Joy

" I find it very tough for me. Because this was my first time working in a commercial Salon. But I am glad both Mr Kenny and Ms Jesslin taught Aide and me on how to run salon operations. "

Putri

" I was very happy to do my IEP at Typhoon Café at Plaza Singapura. My Chef taught how to make different types of dessert and he allowed me to complete some customers' orders by myself during off-peak. "

Cadence

" There is a need to have team work, this can be applied in school. "

PARTNERSHIPS

CHANGI FOUNDATION

Learn and Earn

Our APA students having their OJT at APS' in-house OJT platforms, ARK (Assumption Real-work Kitchens). APS has also set up ACT (Assumption Café for Training), new OJT platforms at external premises located within ST Engineering's office building at Jurong East and a Food Truck at Kallang Polyclinic.

Thank you Changi Foundation for funding APA Traineeship Allowance. With your continuous support, our APA students are able to earn an allowance while learning during their OJT.

We are located at Kallang Polyclinic

NHGP-APS Collaboration Signing Ceremony

NHGP

Playing a part for the community

Grateful for the meaningful collaboration with National Healthcare Group Polyclinics (NHGP) - from preparing hearty food on-the-go for the community to having an OJT platform outside school premises that provides an authentic real work environment for our students.

THE STORYTELLER

APS Art Exhibition 2021

The longest exhibition by APS that spans over two weeks at the National Gallery Singapore showcasing the widest range of art forms, with new forms chosen by our student artists themselves.

It is a significant honour to have Minister for Culture, Community and Youth, Mr Edwin Tong, grace the Opening of The Storyteller and interact with our student artists.

The marvellous show was brought back to The ART with specially curated menu inspired from the stories of our APS students.

An Evening @ The ART - The Storyteller Edition

Our Aesthetics and Culinary staff and students draw ideas and inspiration from the art exhibition – The Storyteller. They worked together to bring art to life through food.
