AN EVENING @ THE ART - SATS

*"I like to learn new
ways of doing things.
It makes me happy to
come to work."*

Jolin Sng, APA Student

YEAR 4 IEP

**MUHAMMAD NUR AMSYAR BIN
MOHAMAD SODIKIN**

During my two weeks of Industrial Experiential Program, I had a fantastic experience. I got to work in a real-world setting and learn from experienced professionals. Applying what I learned in the classroom to practical situations was eye-opening and helped me understand the industry better. I also improved my soft skills like communication and teamwork. Although there were challenges, overall, it was a rewarding and inspiring time for me. I'm excited to pursue a career in this industry with more confidence now.

REFLECTIONS FROM YEAR 4 IEP

During my IEP, I learnt that there are multiple solutions to challenges to serve the customers. We are encouraged to engage in hands-on tasks to FIND a solution to the customers. I also learnt some techniques that work better than others and discard the methods that don't work.

Aminah, 4HD

My IEP journey had been great! I learnt how to do air-con servicing at customers' houses, how to do storage work and also paperwork. I think APS students should attend all four weeks of IEP because it will really surprise you at the end and trust me you will miss it!

Alyssa, 4FS

My IEP was an amazing experience. I am blessed to be sent to Goodwood Park Hotel. The most memorable experience was to serve UOB CEO's eldest son Mr Wee Ee Cheong and our Chief Justice Sundaresh Menon. Goodwood Park Hotel is a five star hotel and their standards are top class. I overcome the challenge by asking my seniors from the hotel and I focused step by step through box breathing.

Randall, 4HS

My IEP experience was very good and it has taught me many new things about my F&B industries. It was beneficial as it allowed me to explore new jobs opportunities too.

REAL WORKS @APS

YES I CAN SPEECHES! 😊

The highlight of my APS life would have to be the FHA competition. There was a lot of pressure and tension during the training. I would also like to thank Chef Nic for his patience and guidance. It helped me calm my own nerves and just enjoy the cooking process.
-Iqmal, 4CS

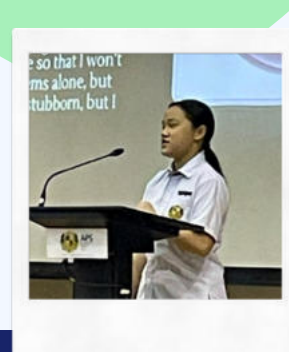

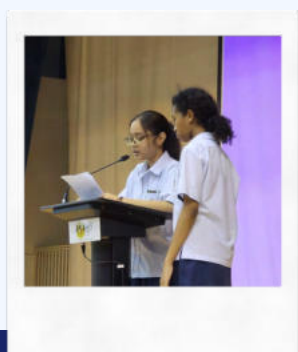

For many weeks, my teachers will check up on me every day, and they ask how I am doing at school. They will also ask me if I am able to manage myself. I appreciate them because, no matter what, they did not give up on me.
-Akmal, 4FS

Juniors, don't play play in school. Study hard and prepare yourself for life after APS. Dare to try and fail, and learn to do better.
-Justin, 4FS

Thank you Ms Anvie. You teach me slowly how to be better. I am happy to learn from you.
-Iqbal, 4HS

I am proud that I am graduating and I would like to thank Ms Audrey for not giving up on me and always speaking respectfully to me.
-Farishah, 4BP

I used to be very scared to come to school but the teachers are very nice. Come to school every day and work hard. You can do it!
